

ACCESSORIES

ADD-ON BOARDS

Useful in any application the L-PAD audio mixer line has the ability to install an add-on board for the optional recording and playback of MP3 audio files.

Files can be collected in a USB pen size up to 32GB and managed by a convenient, dedicated transport panel.

One further optional Bluetooth card allows devices such as smartphones or tablets to be connected, and music played directly into the L-PAD mixer.

- L-PAD PLAYER CARD - p/n 133.60.287

INTELLIGENT
CARD SLOT

MIC STAND

p/n 133.60.290

This accessory allows the L-PAD 6, 6x, 8c, 8cx, 10c to be installed on a standard 5/8" mic stand.

L-PAD PLAYER CARD

p/n 133.60.287

An MP3 player can be added to your L-PAD mixer by installing this intelligent card in its dedicated slot. Place your preferred MP3 songs on a USB stick, evenly divided in separated folders, plug the USB stick into its dedicated port on the PLAYER CARD and play your music through the L-PAD mixer without any further external device.

L-PAD PLAYER/RECORDER CARD

p/n 133.60.288

An MP3 player can be added to your L-PAD mixer by installing this intelligent card in its dedicated slot. Place your preferred MP3 songs on a USB stick, evenly divided in separated folders, plug the USB stick into its dedicated port on the PLAYER CARD and play your music through the L-PAD mixer without any further external device. Record the music program present on MAIN MIX just by pressing the REC button. This is an ideal accessory to record your rehearsal or gigs.

L-PAD BLUETOOTH™ CARD

p/n 133.60.289

The BLUETOOTH™ CARD can be connected to any BLUETOOTH™ device, such as smartphones or tablets and your playlist will be reproduced directly through the L-PAD mixer. This card allows a highly practical wireless connection with the mixer — ideal for background music reproduction or any other music application.
